C. OPEN BUSINESS ITEMS BEFORE AUTOMATED LAUNCH

[] Other

2. Remaining Balance Timing

Define the balance-due event for each service that does not already state one.

Possible examples should be chosen by Wiz, not silently assumed:

- before final delivery;
- another service-specific trigger.

3. File-Retention Trigger

Choose one consistent method or approved service-specific method for starting the 30/90-day clock.

4. Advanced Mix Revision Count

Still open.

5. Master Only Revision Count

Still open.

6. General Additional Revision Price

Still open unless priced directly in the Order.

 - Work-Made-for-Hire language
